

# *What trees have to tell us*

*Come and meet some Trees in Toronto who are ready to have a conversation with you!*

Please visit my website to see dozens of tree conversation drawings created with mature and ancient trees from 10 different countries. There you can read about the development of this work and some of the experiences I have had with trees.

I have invited certain trees in Queen's Park to join us for an exploration of Imaginative Cognition. Create a new "synapse" in the global web of life! Discover interspecies co-creativity. Experiment and enjoy! The trees are looking forward to meeting everyone.

We will meet at the Museum Subway station on the West side of University Ave at 1:00pm on June 7th 2015

Art supplies will be provided, but please bring something to sit on, as the ground may be cool and damp.

I will have some camping senate seats for those who need that kind of back support.

There is a fee of \$25 for this workshop. We will finish at 4:00pm.

Please RSVP so that I know how many materials to bring and if you have questions feel free to contact Elyse Pomeranz at [www.thetreconversations.com](http://www.thetreconversations.com).

This event is sponsored by:

Toronto Branch of the Anthroposophical Society in Canada
